Meals

Lunches are provided by the conference for all participants. They will be served at 12:30 in the accommodation center restaurant (1st floor).

Wifi codes

We will provide wifi codes for all participants. Those staying in our center will have a nominative code, and for the others, a unique code will be provided.

Poster session

One-minute (max. 2-page) poster presentations are organized before the poster sessions. Poster presenters are asked to upload their presentation slide on the server ([click here to upload](#) - please choose the correct poster session: 1, 2, or 3.

See the [detailed program](#) if not sure.), ***the day before their poster session, at the latest.*** **NOTE: Filename must include the presenter's name and poster number.**

Posters (ideally A0 portrait) will be displayed in the amphitheater lobby. Hangers will be provided.

Each poster will be displayed for one day only, as space is limited. All exhibitors should refer to the [detailed program](#) to identify their day of display and session.

Please [upload your poster for virtual attendees here](#).

Virtual poster presenters are asked to create their own video meeting and [post the video meeting link and meeting time in this document](#) to meet up with potential visitors.

Oral presentations

In-person speakers, please either upload your presentation (*preferred method*) under the correct session (see the [detailed program](#) if not sure) or email it to nilgun.kulan@uib.no

[Click here to upload your oral presentation!](#) **NOTE:** *Filename must include the presenter's name and talk number.*

Virtual speakers, please upload your presentation under the correct session (see the [detailed program](#) if not sure) to avoid last minute technical problems.

Both in-person and virtual speakers, please contact the Chair(s) of your session if they haven't contacted you already. Chair names can be found in the [detailed program](#)!
